PROFILE

Product Designer with **8 years** of experience shipping **B2B, SaaS, and B2C** interfaces **end to end**, from raw user problem to live product. I own the full arc: **research, validation, interaction design**, and high-fidelity execution in **Figma**. I use **AI tools** as a **force multiplier** to explore and prototype faster, but **taste** stays the editorial layer. I can tell when AI-generated UI **looks right but feels wrong**, and I fix it. I'm accountable to **outcomes**, not screens delivered, and I work closely with **product managers, engineers, marketing, and junior designers** to move real metrics.

PROFESSIONAL EXPERIENCE

Lead - UX Design, UST Global, India

Mar 2024 - Sep 2025

- Led **end-to-end UX design** for workflow and asset management tools, from **research** to **final UI in Figma**.
- **Cut product launch time** by finding bottlenecks in **content, product options, store setup, and global pricing**.
- Used **AI** for **competitor research, synthesizing user interviews**, and building **decks** faster.
- Built **user flows, wireframes, and high-fidelity prototypes**, and drove **rapid prototyping** to **shorten decision cycles**.
- Partnered with **researchers, PMs, and engineers** to define **end-to-end experience architecture** and strengthen the **design system**.

Lead UX-UI Designer, 22feet Tribal Worldwide (DDB Mudra Group), India

Mar 2023 - Mar 2024

- **Led and mentored a 3-member UX/UI team**, driving high standards for **visual quality, usability, and consistency** across digital platforms.
- Led **brand transformation projects**, translating **brand identity** into digital experiences, **wireframes, and UI systems**.
- Ran **user research and usability testing**, turning **insights** into improved **user journeys** and design solutions.
- Collaborated with **developers, clients, and stakeholders** to ensure **smooth coordination** and **timely delivery**.

UI Designer, 22feet Tribal Worldwide (DDB Mudra Group), India

Jan 2021 - Mar 2023

- **Audited** a home appliance brand's ecommerce site, ran **competitor and audience research**, then redesigned the UI from **wireframes to design guidelines**, lifting **online sales by 12%** by winning back buyers from Amazon.
- Designed **UX wireframes and UI** for **large-scale web platforms**, including product and service pages for **enterprise B2C clients**.
- Focused on **user journeys and information architecture**, improving **clarity and navigation** across websites.
- Worked closely with **frontend teams** to ensure **design feasibility** and **accurate implementation**.

UX-UI Designer, Webenza India Pvt. Ltd, India

May 2019 - Dec 2020

- Designed user-centric web and campaign experiences. Ran usability testing and interaction improvements that raised engagement 15%

UX-UI Designer, Aurus IT Solutions, India

Jun 2018 - Apr 2019

- Redesigned an **e-commerce** website, app, and CMS using **Material Design** principles. Improved the food-ordering flow through usability testing and prototyping.

- Integrated UI with Content management system workflows and delivered developer-ready assets to support an on-time MVP launch.
- Optimized design processes for accessibility and user-focused outcomes.

SELECTED PROJECTS

Digital Asset Management (enterprise/governance)

- Designed **end-to-end SaaS workflows** for enterprise **asset management** tools, applying **scalable design-system patterns**, **governance standards**, and **compliance-aware IA** to cut **asset-retrieval time by ~30%**.

Fuel Booking App

- Redesigned **end-to-end customer journeys** across web and mobile, mapping onboarding and servicing flows through **research-led decisions**; **increased task completion ~22%**.

E-commerce Ecosystem

- Redesigned the **website, app, and CMS** on a **scalable design system**, running **stakeholder workshops** to align business goals, technical constraints, and user needs, improving **conversion by ~20%** by winning back buyers from marketplaces like Amazon.

CORE SKILLS

- | | |
|-------------------------------------|--|
| • End-to-End Product Lifecycle | • AI-Assisted Product Design & Rapid Prototyping |
| • User-Centered Design | • Solving from First Principles |
| • Product Discovery & UX Strategy | • Design Systems & Component Libraries |
| • User Research & Usability Testing | • Outcome & Metric-Driven Design |

TOOLS

- | | |
|------------------------|----------------------------|
| • Figma | • FigJam |
| • Miro | • Atlassian tools |
| • Adobe Creative Suite | • Figma AI |
| • Lovable | • Project management tools |
| • Claude design | • Notebook LLM |

EDUCATION

Master's in English — Bharati Vidyapeeth (Distance Education)

Bachelor's in Business Economics — Tamil Nadu Open University

LICENSES & CERTIFICATIONS

- Certified Usability Analyst (CUA), Human Factors International
- UX From Scratch, Interaction Design Foundation
- Visual Effects Course, Frameboxx, Mumbai
- Diploma in 3D Animation, MAAC, Mumbai

LANGUAGES

English — Fluent

German — A2 (actively improving, currently in progress)
